

Costed evaluation plan – Yemen – UNICEF country programme of cooperation, 2023–2024^a

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation is outlined in the revised evaluation policy of UNICEF ([E/ICEF/2018/14](#)).

<i>Evaluation title</i>	<i>United Nations Sustainable Development Cooperation Framework (or equivalent) outcome</i>	<i>UNICEF Strategic Plan, 2022–2025 Goal Area</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date^b</i>	<i>Anticipated cost and provisional source of funding (regular resources (RR) or other resources (OR)), in United States dollars</i>
Evaluation of the scale-up of the Minimum Service Package at the primary health-care level in Yemen	Outcome 3: By 2024, people in Yemen, especially women, adolescents, girls, and those at risk of being left behind, become more resilient to economic shocks by increasing their income security and access to decent work.	Goal Area 1: Every child, including adolescents, survives and thrives, with access to nutritious diets, quality primary health care, nurturing practices and essential supplies.	Significant investment in rolling out the Minimum Service Package (MSP) since 2017 through the health section's biggest multi-year projects with support from major donors, including the World Bank, the European Union, the Foreign, Commonwealth and Development Office and the Government of Saudi Arabia. The World Health Organization leading the MSP review to inform the future of the approach in Yemen in collaboration with UNICEF and the Ministry of Public Health and Population.	Inform programme design for upcoming funding cycles (generate an evidence base to inform resource mobilization). Document lessons learned to share with other countries in similar contexts. Inform the MSP review process (led by the World Health Organization in collaboration with UNICEF and the Ministry of Public Health and Population).	June 2022	348 000 (OR)
Evaluation of solar energy in water, hygiene and sanitation projects in Yemen	Outcome 3	Goal Area 4: Every child, including adolescents, has access to safe and equitable water, sanitation and hygiene services and supplies, and lives in a safe and sustainable climate and environment.	Innovative programme. High priority considering the phasing out of fuel. Part of the green/climate agenda.	Demonstrate innovative good practices across UNICEF global programming.	February 2023	250 000 (RR)
Evaluation of the Integrated Model of Social and Economic Assistance and Empowerment in	Outcome 3	Goal Area 5: Every child, including adolescents, has access to inclusive social protection and lives free from poverty.	Innovative programme targeting the most marginalized groups, specifically the Muhamasheen community	Showcase the Integrated Model of Social and Economic Assistance and Empowerment as an innovative project that	July 2022	200 000 (OR)

Midline evaluation of the Restoring Education and Learning Project ^c	Outcome 3	Goal Area 2: Every child, including adolescents, learns and acquires skills for the future.	<p>The World Bank has mandated midline and endline evaluations of the Restoring Education and Learning (REAL) Project.</p> <p>The project is the largest single investment in the country's education sector.</p> <p>Innovative components of the programme need to be documented.</p>	Trigger corrective actions where needed on programme implementation.	October 2022	200 000 (OR)
Evaluation of humanitarian cash transfers	Outcome 3	Goal Area 5	Document and assess the impact of humanitarian cash transfers (social grants) to the most vulnerable children and their families, including families with children with disabilities and marginalized families.	<p>The findings of the evaluation will assist UNICEF to ensure better understanding of humanitarian cash transfers.</p> <p>Improve and adapt the programme to the changing circumstances.</p>	April 2023	400 000 (OR)

			The largest programme of the UNICEF Yemen Country Office.			
Total resources^d						250 000 (RR) 1 148 000 (OR) 1 398 000 (Total)

^a UNICEF Yemen plans to add evaluations to this list as programmatic opportunities arise over the period of this plan.

^b These evaluations will be implemented in 2023–2024.

^c The baseline for the Restoring Education and Learning (REAL) Project has been conducted by the World Bank with funding external to UNICEF.

^d Other planned activities that support evaluation capacity are not included in this total, which captures only independent, external evaluations.
