^a The Code on the Rights of the Child adopted by the Parliament of Georgia came into force in September 2020. To ensure all children in Georgia enjoy the rights deriving from the Code, UNICEF will continue advocacy, policy advice and capacity-building measures for government agencies for the upcoming country programme cycle. The formative evaluation will assess measures already undertaken by UNICEF and inform decision-making for the future.

^b The evaluation will inform UNICEF, the Government and donors on effectiveness, efficiency, relevance and sustainability of interventions addressing lead prevalence among children in Georgia.

^c In 2020, a grant agreement was signed with the Government of Norway on a five-year project in the amount of \$5 million for the project Building inclusive, equitable and quality preschool and general education systems for children in Georgia. The evaluation will assess the impact of the project to enhance the accountability of UNICEF to key stakeholders, and it will also be used for learning and knowledge-sharing.
