*Paragraph 22 should read*

22. The overall goal of the 2009-2013 country programme is to contribute to national efforts to ensure that all children in Kenya enjoy respect, protection and fulfilment of their rights as a result of improved capacities and capabilities and increased opportunities for access and achievement, as embodied in the Convention on the Rights of the Child and the Convention on the Elimination of All Forms of Discrimination against Women. The National Strategy for Transformation (2008-2012), which is built on the three pillars of Vision 2030 and represents the first five years of the Vision, will guide the new country programme framework 2009-2013. The four overarching priorities for the country programme will be addressed by the combined efforts of the whole country programme: child survival and development; increased use of evidence for policy, prevention of HIV and AIDS; and involvement of youth in their own development.
