

Costed evaluation plan – United Republic of Tanzania – UNICEF country programme of cooperation, July 2022– June 2027

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation are outlined in the revised Evaluation Policy ([E/ICEF/2018/14](#)).

<i>Evaluation title</i>	<i>United Nations Development Assistance Framework (or equivalent) outcome</i>	<i>UNICEF Strategic Plan, 2022–2025 Goal Area</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date (month and year, or year only)</i>	<i>Anticipated cost and provisional source of funding (regular resources (RR) or other resources (OR)), in United States dollars [July 2022–June 2027]</i>
UNICEF contributions to strengthening systems for quality primary health care and community health: A formative process evaluation	Outcome 1 [People]: By 2027, people in the United Republic of Tanzania, especially the most vulnerable, increasingly utilise quality gender transformative, inclusive and integrated basic education, health (with particular focus on RMNCAH [reproductive, maternal, newborn, child and adolescent health], AIDS, TB [tuberculosis], malaria, and epidemic-prone diseases), nutrition, WASH [water, sanitation and hygiene] and protection services.	Goal Area 1: Every child, including adolescents, survives and thrives, with access to nutritious diets, quality primary health care, nurturing practices and essential supplies.	Country-office-level thematic evaluation. The focus on system strengthening is aligned with the priority areas of the new country programme document (CPD). To inform the UNICEF approach in strengthening primary health care and community health at the national and subnational levels.	To stimulate dialogue and actions around policies that guide national and subnational primary health care and community health frameworks and plans, budgetary allocations affecting children and families, and strengthen the building blocks of implementation of programmes. Inform decision-making on policies, and development and organizational effectiveness and inform programme design. To identify gaps and bottlenecks in how UNICEF works with the Government and partners, to adapt the approach and/or inform the development of alternative/improved approaches to strengthen primary	January 2023	350 000 (RR)
