AS DELIVERED

- The United States thanks the Executive Director and the Secretariat for the proposed program of work for 2024.
- The United States can support this proposed program of work with the understanding that it is a flexible framework that may change as needed over the course of the year, with appropriate consultation with Member States.
- We do have some questions about the proposed program of work:
  - What will be the topics of the evaluation reports to be presented to the Executive Board at the First Regular Session and the Annual Session?
  - Will any of the agenda items listed include an update on the implementation of the UNICEF Disability and Inclusion Policy and Strategy (DIPAS)? If not, do you plan to address that separately?
  - Are any Can you provide details regarding the field visits planned in 2024?
